West, S. M. (1968) Petrography of metamorphic rocks from the Inaccessible and Larsen Islands, South Orkney Islands, *Brit. Antarctic Surv. Bull.*, No. 18, pp. 45–57.

*No text has been prepared for the Geologic Map of Antarctica, Sheets 1 and 2. Instead the reader is referred to the reports listed in this bibliography. Those marked by daggers (†) are general summaries of the geology of the Antarctic Peninsula. This bibliography was compiled principally by R. J. Adie; a few entries have been added by the Editor.
