GNC 26 N

LEGEND

cliffs, escarpments — form lines

crevasses

disturbed ice — glaciers

limits of shelf ice

pack ice

ELEVATIONS
Critical 10000
Position accurate, maximum possible error undetermined 10000
Approximate or doubtful locations followed by revision of point location (?) 8000

STATIONS
Operating
Refuge

Claims of sovereignty south of 60° south latitude are not recognized by the United States Government. Nations currently operating the International Geophysical year stations in the Antarctica are designated as well, no sovereignty claim is intended.

AERONAUTICAL LEGEND

AERODROMES

7 Indicates an Instrime aerodrome (as indicated Geographical Position Lights Available Runway Pattern is Diverse with Respect to True North but not to Magnetic

RADIO FACILITIES
Radio Range — VOR
Radio Beacon — LFR
Omni-Range — VOR
Radar Beacon — RAYTHEON

MISCELLANEOUS
Prohibited Area
Danger, Restricted or Warning Area
P-56 Number indicates International Number not identification
Centerline
Air Defense Identification Zone
Radio Tower 1000 feet above ground
60°W Lines of Equal Magnetic Variation
World Aeronautical Chart series indicated thus:
Universal Water Charts indicated thus:

CONVERSION OF ELEVATIONS
METERS / FEET (Thousands / Thousands)

IMPORTANT NOTICE
The Aeronautical Chart and Information Center publishes Notices to Airmen (Publication No. 70) every two weeks. Subscription may be obtained from the Superintendent of Documents, Washington 25, D.C. The information contained herein is subject to change without notice.
