

Locator Maps:

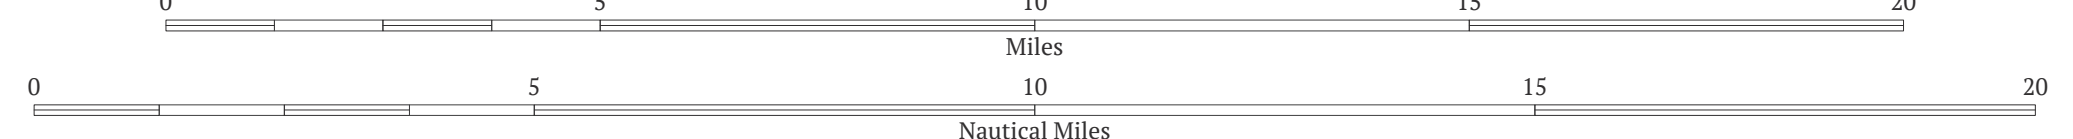

T-902 Field Planning 2012

Blue Glacier, Southern Dry Valleys

WGS84 Antarctic Polar Stereographic Projection | Central Meridian 164°E | Standard Parallel 71°S

Lines of longitude indicate true north

Scale 1:140,000 when printed at 24" x 36"

Data Sources:
15 meter Landsat Image Mosaic of Antarctic (LIMA)
provided by USGS, NSF, NASA, BAS

Antarctic Specially Protected Area (ASPA) &
Antarctic Specially Managed Area (ASMA) boundaries
provided by Environmental Research & Assessment

Elevation contours provided by United States Geological Survey
Contour interval 100 meters - Elevations based on Mean Sea Level

Placenames derived from SCAR Composite Gazetteer
