581	212-271	F31, F32, F33	20,000	6"	27-DEC-59
2461	20-39	✓	ABOVE TERRAIN 23,000	6"	24-DEC-79
2462	40-49	✓	23,000	6"	24-DEC-79

Mapped, edited, and published by the U. S. Geological Survey in cooperation with the National Science Foundation  
Compiled in 1961 from U. S. Navy trimetron photography 1959  
Control by U. S. Geological Survey  
Names approved by U. S. Board on Geographic Names  
Absence of the crevasse symbol does not necessarily indicate a crevasse-free area

LEGEND

Contours, index	Ice contours, index	Glacial moraine
Contours, intermediate	Ice contours, intermediate	Pack ice; icebergs
Approximate contours, index	Approximate ice contours, index	Crevasse and stress lines
Approximate contours, intermediate	Approximate ice contours, intermediate	Peaks (small nunataks); ice peaks
Form lines	Ice form lines	
Ice-free area
